General Information

The Muses House is a small hotel in the traditional village of Kirazli midway between Ephesus and the Aegean coast and less than an hour from Izmir International Airport. The hotel provides an excellent service to those visiting the area, particularly the archaeological sites, all less than an hour away.

Converted from an historic village carpet weaving centre, once an antique Greek villa, the Muses House opened in 2006, since when it has gained awards. In readiness for 2011, it has just been extensively refurbished. The hotel is well designed to cater to small groups or individual travellers requiring peace and tranquillity.

Our five suites are named after the Muses of mythology and are all different, each with modern facilities and walk-in showers or in the case of "Clio", a large bathtub with hand shower.

A full Turkish/International breakfast is served and there is the option of an excellent 4 course evening meal cooked with local organic produce. We are fully licensed and also serve a range of alcoholic drinks and Turkish wines. Freshly made snacks can be obtained on request.

All rooms have:-

- Air conditioning, Satellite television, Free high speed wireless Internet access
- DVD/CD/MP3 player
- Complimentary tea, coffee and chilled drinks
- Hairdryer and bathrobes, Quality toiletries

In addition the hotel has:-
